T. N. WILSON.

MISS ALICE HALLIDAY, of our city, was in attendance at the Woman's Temperance Convention, at Cincinnati, last week.

THERE has been talk in the city that the Big Sandy Packet Co. intended buying Capt. Halliday's interest in the steamer Ohio No. 4, but it seems there is nothing of it.

JUDGE KNOWLES, seeing the shortcoming of other judges, is pushing business through rapidly.

MR. JNO. F. WHITING's tailor shop was entered on Saturday night, and \$38 stolen from parties therein.

MOTHER STEWART has received an invitation to go to England to prosecute a crusade against whisky.

MR. JNO. T. EXTINGER, of this county, will be an applicant for the position of Enrolling Clerk of the coming Ohio House of Representatives.

MR. GEORGE W. BAGGS, of Vinton, left on Saturday for Washington City, where he intends working in the Government Congressional Printing Office.

FESTIVAL at the A. M. E. Church, tomorrow (Thursday) evening.

THE steamer Andes presented a fine cake to the Methodist Church Festival here, last week.

MR. CONWAY FISHER, of Huntington township, went down to the Ohio Medical College, at Cincinnati, last week, to have an afflicted limb treated.

UNION THANKSGIVING services will be held in the Presbyterian Church, to-day, Thursday, at 11 o'clock. Sermon by Rev. J. W. DILLON.

THE Gallipolis Building & Loan Association is now taking a fixed sum from its mortgagor, and discharging them from further membership and liability. This makes the Association entitled to all profits and dividends of the mortgagor in the end.

A NEW side-wheel steamer has been contracted for, at Madison, for the machinery of the St. James. The new boat is to be 265 feet long, 42 feet beam, and to be completed in the Spring.

MR. A. NEWTON went to Pittsburg last week, with a lot of turkeys and geese, near five hundred in number.

THE Festival last Wednesday evening was a great success. Alcibiades Hall was crowded, and the receipts footed up about \$180.

WE call attention to the advertisement of the HAZEN publications. Of their class they are the best and most popular periodicals now issued. They are valuable things to have in the house these long winter evenings.

MR. ELI DAVIS, formerly of Ohio township, this county, now of Kansas, has been elected a member of the Legislature from Miami county.

THE county agricultural reports show that Sandusky county takes the palm for wheat. One farmer there obtained forty-eight bushels to the acre, another fifty-four, and another sixty-two. These are extraordinary yields.

IN 1874 but two counties lead Gallia in the production of sorghum syrup. These were Darke, 54,510 gallons, and Lawrence, 49,482. Gallia made 48,944 gallons.

THANKSGIVING. Union services will be held in the Presbyterian Church on Thursday, Nov. 25th, at 11 A. M. Sermon by Rev. J. W. DILLON.

THE public are invited to attend. Let us all meet and praise the Lord for His goodness during the past year.

OUR German friends are making arrangements for a Grand Ball, to be given at Henking's Hall, on the evening of December 31st. We understand the proceeds are for a benevolent purpose.

MAT BOWEN and JOHN CLARK, two colored fellows, on Saturday evening, seriously beat one HARVEY MORGAN, another colored fellow, out on the farm of Mr. LEOPOLD FRANK. Doubts are entertained of MORGAN's recovery. He is under the care of Dr. CROMLEY. Whisky.

Who Is He?

A gentleman of our city, upon the arrest of the fellow for passing a forged check upon our National Bank wrote to a relative at Butler, Bates county, Mo., to know whether he knew a man answering the description sent. On Sunday morning he received in answer the following:

"The party you have 'in durance' is neither of the Youngers. It answers the description of Cole Younger, except Cole's hair is light (not red), and he is bald-headed; age about 35 years. Jim Younger has black hair, and Rob Younger is not over 21 years of age. The people here know all the Youngers, and they have been here frequently. The James boys are described as being slender, small men. No one here is acquainted with them. I sent your postcard to the Cashier of First National Bank at Pleasant Hill, requesting him to answer. No one here thinks that the Younger or James boys were engaged in the Huntington bank robbery. I am of the opinion that neither of the Younger nor James boys will be taken alive. It will be a long time before Gallipolis will have the honor of affecting their arrest."

In Saturday's Enquirer the following dispatch appears:

John Smith's Identity Established.

PLEASANT HILL, Mo., Nov. 19.—A postcard was received at this place this morning by Captain George B. Harper, cashier of the First National Bank, making inquiry about John Smith, who was arrested at Gallipolis, O., last Saturday for passing a forged check. He gave his name as John Smith, and stated that he was from this place. A man by the same name, and filling the description to a dot, was sent to the Missouri Penitentiary about three years ago for two years, for stealing wheat, and was pardoned out six months ago under the three-fourths rule. He is a native of Tennessee, and a bad man generally. He never had any connection with the Younger or James boys.

A Little Episode.

Capt. Ripley has been in the habit of allowing the wife of BILL BLANKENSHIP, a jail bird, to visit him. On Wednesday of last week while on one of these visits, JOHN SMITH, the fellow who forged the check for \$150 on the First National Bank of our city, gave her a hundred dollar bill, and told her to take it and buy him a shirt, socks, cigars, etc. The woman went to the store of Capt. Blagg, bought the things, and tendered the bill in payment. They could not change the bill, and Capt. Blagg started out to get it changed. He could not get it changed until he arrived at the First National Bank, where Capt. HAMILTON recognized it as the one paid out to SMITH on the check. In company with Mr. DELETONIE they followed the woman to the jail, and recovered \$97 of the money. The woman said she received the money of SMITH.

A MOTION for a change of venue in the case of the State vs. JAMES W. EDWIN was overruled in the Court of Common Pleas, on Monday, and exceptions taken.

A COLORED woman by the name of GREEN was badly burned from the hips down, out in "Texas," on Saturday night. She was lying in front of the fire, and her dress caught fire from sparks. She is being treated by Dr. CROMLEY, but her case is considered hopeless.

THE Gallia Academy is one of our educational institutions of which every one is justly proud. It has started many a young man on the road to fame. Under its present management it maintains its preeminence. See notice of winter term.

ATTENTION is called to the statement of the Royal Canadian Insurance Company. Mr. A. F. MOORE, agent. It makes a sound showing. Also to the card of Mr. MOORE, as one of our resident Insurance agents. He is the representative of a number of good companies.

THE case of the State vs. JOHN SMITH, for forgery, comes up in court to-day (Wednesday).

MR. JAMES BROWN's health is improving.

NO CHANGE in the Gallipolis market, consequently we omit the report this week.

MISS GILLMAN's school will be transferred to the new building to-day (Wednesday).

THERE was a "reception" at Miss GILLMAN's Seminary Tuesday evening. It was the anniversary of the Reading Club. The exercises consisted of an address by Rev. Mr. LANE, of Point Pleasant, Readings and Music. The address was an earnest and able plea for the education of the masses, morally and intellectually. The exercises were held in the new building lately erected for Seminary purposes. Altogether, it was a very enjoyable affair.

Death of the Vice President.

VICE-PRESIDENT WILSON died suddenly, at Washington, Monday morning. Cause of death, apoplexy. Thus, at the age of sixty-three, has one of the purest of American statesmen passed away.

Taxes in Portsmouth are three per cent.

CAPTAIN W. H. NASH, Commissary of Subsistence, has been ordered to proceed to Columbus Barracks, Ohio, to inspect and report upon subsistence stores recently purchased at that depot by First Lieutenant J. M. Thompson, Twenty-fourth Infantry. Captain Nash will perform the duty under detailed instructions from the Commissary General of Subsistence, to whom he will report by letter on completion of the same.—Cin. Com.

Jail Delivery.

BETWEEN 8 and 9 o'clock on Friday evening, while court was in session, and the Sheriff absent, four of the chaps in jail went out through a hole cut in the side of the building, underneath the stairway. Their names were BENT KENNEDY, WILLIAM BLANKENSHIP, CHARLES GILLILAND and JOHN SMITH. They had not been gone more than five or ten minutes when their escape was noticed, but the night being pitch dark and a light rain falling, pursuit was considered useless that night. In the morning PHILIP RIPLEY started down the river and AMOS RIPLEY, jr., up the river. Mr. JAMES P. GRAY, coming in from Vinton, met a man on foot near Mr. OWENS', just this side of Porter, whose description exactly corresponded with SMITH. Capt. BLAZER immediately started after him. PHILIP RIPLEY sent word back at noon, on Saturday, that KENNEDY and BLANKENSHIP crossed Raccoon Creek at Cotrell's Mill, just below Yellow Town, early in the morning. GILLILAND seems to have lost himself, in the night's darkness. He took breakfast at Mr. VALENTINE SWITZER's, and was afterward heard of at his father's. There were two others in jail, WM. WATSON and S. L. GILMAN, colored, but they made no attempt to get out. The probabilities are that the pursuers will get the fleeing birds.

LATER.—Capt. BLAZER returned on Saturday evening, having overtaken the man he was in pursuit of, two miles beyond Wilkesville. He proved to be a man named MILLER, and had been working up Kanawha. PHILIP RIPLEY returned on Monday morning, and reported that BLANKENSHIP and KENNEDY crossed the river at Chambersburg, on Saturday, and that SMITH had continued on down the river on this side. Mr. LORENZO SIBLEY heard of SMITH, and going down to Straight's Rifle caught him on a raft floating down the river with some lumbermen. Taking him prisoner, he started to Gallipolis with him on the Billy Parsons. When at Neal's Landing, opposite Raccoon Creek, and just as the boat was pulling out from shore, SMITH, unobserved, jumped to the bank, and ran like a quarter horse for the hills. Those on board opened a fusillade upon him, but he kept running. Messrs. SIBLEY, BLAKE and CLENDINEN started after him. After long search they were about to give him up, when the family of Mr. WILLIAM NEAL discovered SMITH in the garden. They scooped in the boy. PHILIP RIPLEY and JNO. B. CLENDINEN went down and brought him up, and lodged him back in his old quarters.

SMITH says that he, BLANKENSHIP and KENNEDY were together until ten o'clock on Saturday, when they crossed the river. He says they were furnished with horses. He promises to tell just where they are. He says that B. and K. took his overcoat from him, and though they had money, they would not give him a cent. He says they told him when they were fifty miles from Gallipolis when they were at Chambersburg, and he believed them for he supposed he had walked twice that distance. SMITH says he crossed the Yellow Town bridge at daylight. He also says that he is a son of Capt. J. B. SMITH, Co. A, 81st O. V. I., and was in that company. The roster of this regiment does not show any Capt. J. B. SMITH. It has only one commissioned SMITH, who was SAMUEL B. SMITH, and a First Lieutenant. SMITH also says that he is a sole leather cutter, and learned his trade in Cincinnati. The effect of the shots fired at SMITH as he was leaving the boat were a slight wound in the back of the head, and a flesh wound in the arm.

Raccoon Jottings.

Quite a poor show for fall wheat, generally.

Some are insuring their buildings. Wm. Brandybush and W. Tobin have their barns insured, also A. Troth his new dwelling house.

Ruth Hollingsworth is teaching near Centre Point, this fall. Jennie V. Giles, after one week's vacation, commenced a fourth month's school in Capt. Rothgeb's district.

Speculators are still gathering up herds of cattle, and occasionally some sheep and hogs.

It reads as it were in "letters of gold." Rio Grande College, on the front of the building, but still some will have it Atwood Institute. People do not generally call their heirs all by one name. There is an institution now in running order by that name in Albany, Athens county. In all probability the building will be completed about the middle of December.

Perry Wood, of Albany, was the guest of Rev. L. Z. Hanning for a few days, last week.

Prof. R. Dunn has taken a trip to Cleveland, and some other points, and is expected to be at the Meigs Quarter Meeting, to convene at 1st Kyger Church on the third, fourth and fifth of next month.

Mrs. John H. Wood has been quite afflicted with heart disease for several weeks past, but seems to be mending slowly of late.

We learn that the church known by the name of "Old Pine," (U. B.) is being repaired in the way of a new roof, &c.

A daughter of Henry Wickline, aged about fourteen, died on the 19th, and was buried in Rio Grande cemetery on the 20th. Rev. Hanning conducting the services.

Pine Grove Gatherings.

Large amounts of corn remain to be gathered yet in our hill country. Mr. John Clark an estimable citizen of Morgan township, died recently after a short illness. His companion had preceded him to the better land but a few months since.

Indications of unusual hard times to prevail this winter with the laboring class of people are visible—so much so that doubtless all of 'em can't afford to butter both sides of their bread at once.

Fat cattle and stock hogs are in good demand. Owners of the same find it isn't much trouble to convert the same in "cash" at their option, if not sooner.

If the righteous can scarcely be saved, what will become of those "chaps" who wear good clothes and are often found perambulating around street corners sponging off the honest people? THINE.

DR. BADGER has returned from his Western trip, and is again ready to accommodate his patrons with his services in Dentistry. The Doctor has supplied his office with many new improvements for the comfort of his patients, one of which is Nitrous Oxide or Laughing Gas, for the extracting of teeth without pain. His long experience and success as a Surgeon and Dentist, gives him the confidence of all. So get your teeth extracted without pain.

NINE applicants were before the County Board of Examiners last Saturday; three certificates were granted: C. D. Rawson, Rio Grande, 18 months; Mary M. Hodge, city, 12 months; Lester Keller, city, 12 months.

Personal.

Capt. Wm. Summers was in the city yesterday. He is a pioneer commander in the Cincinnati and Kanawha River trade, the last boat of which he had command being the side-wheel Heron. He was in command of the Blue Ridge when she exploded, about A. D. 1848. In 1855 he went to Sacramento City, Cal., and steamed on Feather River, between Sacramento and Marysville, in the employ of the Steam Navigation Co., twelve years. He visited his family in Gallipolis, Ohio, in 1866, but returned to California, and has since been boating in Feather River, in the same trade as before, but for a private company. The exposure and hard work for Capt. S. says it is hard work to steamboat in California; prostrated him with illness some time ago. Having recovered sufficiently for the day, he decided to return to his old home in Gallipolis to spend the remainder of his life. He is now about seventy-two years of age, but is still an active man.—Cincinnati Gazette of 20th day.

Naomi Brass Band.

The ladies of the M. E. Church, are under many obligations to the gentlemen composing the above named band for their service so cheerfully rendered at the Festival last week.

In the haste of making up our card of thanks for publication in the Bulletin, the Band was unintentionally forgotten. Very many thanks, gentlemen.

MARY GLASSBURN, Sec'y.

A CARD.

The ladies of the M. E. Church, take this opportunity of returning our card of thanks to the gentlemen who so liberally patronized their Festival last week. Their thanks are especially due the undersigned, for the notices of the same, and the officers of the steamboats, Ohio No. 4, and Amles, for rich and beautiful cakes donated to them.

To each and all we say thanks, and promise to reduplicate the kindness when we have the opportunity.

MARY GLASSBURN, Sec'y.
